There are 132 miners employed at the Yellow Jacket.

J. C. Fall is now in San Francisco lying very low with sickness.

Mike Bryte, a pioneer of Sacramento, is dead. He was from Ashland, Ohio.

The Ludwig copper mines at Walker River now give employment to twenty men.

A resident of Dayton sold a cow the other day, and hid the money obtained so effectually that he is now unable to remember what he did with it.

Of all the petty thieving done in this community, says the Sentinel, that of stealing a newspaper from a neighbor's front door is the smallest and meanest.

A house of five rooms, all furnished, sold for \$90 in Tuscarora; another house of as many rooms changed hands for \$60. Everybody who can get away is pulling out.

Clem Barry, "from Agric's sunny fountains," now in the Ormsby county jail, has cost said county \$5,000 since taking up his residence in Carson. Clem is diligent in evil doing.

The grist mill of H. H. Dakin, at Milford, has been running steadily during the winter. This is unusual, as the extreme cold weather each season heretofore, has rendered it impossible to run the machinery the entire season.

### TRUTH ATTESTED.

Some Important Statements of Well-Known People Wholly Verified.

In order that the public may fully realize the genuineness of the statements, as well as the power and value of the article of which they speak, we publish herewith the fac-simile signatures of parties whose sincerity is beyond question. The truth of these testimonials is absolute, nor can the facts they announce be ignored.

M. H. Warner & Co., Rochester, N. Y., July 14, 1881.

GENTLEMEN: Your remedy, the Safe Kidney and Liver Cure, has been used by both my wife and myself. She used it "on general principles," as a system and liver regulator; I took the medicine for a long-standing liver trouble, which has been the source of much inconvenience, and which failed to yield to the doctor's remedies, or any other, until I used your Safe Kidney and Liver Cure. We both unite in pronouncing it to be the best medicine ever used, and in recommending it to others as a safe remedy.

CHICAGO, MAY 30, 1881.

H. H. Warner & Co., Rochester, N. Y.

My Dear Sirs: For several years I have been a sufferer, and until your Safe Kidney and Liver Cure was suggested I have not known what it is to be free from pain. My family physician attributed all my suffering to a diseased condition of my kidneys, and after he had failed to give me relief, I tried your remedy, and a well man I am today.

CHICAGO, MAY 30, 1881.

H. H. Warner & Co., Rochester, N. Y.

Thousands of equally strong endorsements—many of them in cases where hope was abandoned—have been voluntarily given, showing the remarkable power of Warner's Safe Kidney and Liver Cure, in all diseases of the kidneys, liver or urinary organs. If an one who reads this has any physical trouble remember the great danger of delay.

### THE SUN.

1882. NEW YORK. 1882.

THE SUN for 1882 will make its fifteenth annual revolution under the present management, shining, as always, for all, big and little, mean and gracious, contented and unhappy, Republican and Democratic, deplaved and virtuous, intelligent and obtuse. The Sun's light is for mankind and woman-kind of every sort; but its genial warmth is for the good, while it pours hot discomfort on the blistering backs of the persistently wicked.

The Sun of 1882 was a newspaper of a new kind. It discarded many of the forms, and a substantial novelty, the superior words and phrases of ancient journalism. It undertook to report in a fresh, succinct, unconventional way, all the news of the world, omitting no event of human interest, and commencing upon affairs with the fearlessness of absolute independence. The success of this experiment was the success of THE SUN.

## THE "GAZETTE'S" POLITICS.

Both the Carson *Index* and the Reno *Gazette* profess to believe in the principles of the Republican party. Both believe that those principles are better adapted to make this nation happy and prosperous than those advanced by any other party. Both believe that the Republican party is to be depended upon. That it has the ability, the courage and the character to handle all the great questions which present themselves in a great country like this better than any other organization can. While they are entirely agreed in all this, the two papers differ somewhat as to the methods which it is proper to employ in order to secure Republican ascendancy, as well as to the choice of the individuals to whom should be entrusted the responsibility of carrying out the doctrines. The editor of the *Index* desired, to see General Grant nominated at Chicago. The *Gazette* opposed him. The *Index* thinks all the officers should be filled by fighting Republicans, and all the power of patronage be exerted to continue the party in power. The *Gazette* believes that the principles held by the party should triumph only so long as the meet with the support of the majority of the people, and that the money paid by the taxpayers should not be used to keep any party in power. We look upon this as a burning question, which will yet be an issue in national politics. The *Index* thinks that a Republican party should be so unreservedly, and stand up to the rack through thick and thin. The *Gazette* regards the Republican party simply as a means to an end, and that end is the good of this great American people. It is not perfect, but it is still necessary and useful, and we shall work for it faithfully whenever our duty to our country does not interfere. We owe the Republican party nothing except what every American owes it for its great work in developing the country and whipping its enemies. Neither the editor of the *Gazette* nor his father before him ever asked the Republican party for a vote or a favor, but whenever called upon to support its great principles, either with money or muscle, we believe they have never waited for a second invitation. We shall take issue with those who try to turn it in paths we think are not for the right, whether they call themselves leaders or not. We shall not blindly follow, nor shall we silently allow others to be led. We shall try to state our views so strongly that enough will join with us to cause our side to be listened to, and to carry the party in our own neighborhood right straight ahead in the path of patriotism, justice and virtue. If we are overpowered we shall not jump from the frying pan into the fire, but shall support the party as long as it is better than any other party. We care but little who gets the offices so that they are honest and intelligent enough to do fairly well. The personal slurs which the *Index* indulges in are foreign to the argument and answer themselves.

## EDITORIAL NOTES

The *Index* says: The enterprising Reno *Gazette* men sent copies of their "extra" containing the news of the sentence of Guiteau to Carson. It brought the first intelligence of that event to many of the citizens here.

Outside of the local pride which it appeals to, it is very doubtful if there are a hundred men on this coast who would not prefer the appointment of some one besides Sargent for Secretary of the Interior.

R. D. Bogart recently hinted in the *Daily Exchange* that the members of the Board of Health received perquisites from the vaccination of Chinamen. The Board has ordered a libel suit.

The *Call* thinks the President and Mr. Blaine are making an issue for 1884. The reversal of Blaine's policy by the President, after having once

given it his sanction, is a pointed rebuke which Blaine cannot do otherwise than resent. It is possible the American people will be content to remain in the humiliating position the President has placed them, but it is quite possible, also, that he will hear thunder in the distance before his administration is many weeks older.

It is said that the editorial corps of some of the religious papers are remarkable for the elements which compose them. Many of the writers work for pay and advocate immersion, sanctification, or circumcision, according to the paper they happen to be on. Some of them belong to no church, and their private lives are not quite so pure as the doctrines they teach.

**Salt Lake Tribune:** If our Eastern friends will stand in and help us get a Legislative Commission, they can safely leave the rest to the Gentiles and young Utah.

Painter & Co. have issued their annual trade review again. It shows well for 1881.

## TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

### EASTERN.

**De Long's Friends.**  
 WASHINGTON, February 6.  
 Secretary Hunt this morning received the following dispatch from James Gordon Bennett, Paris:  
 "Your dispatch received. Since you have decided to send officers, I defer to your judgment. Will you kindly let me know their names; whether junior or senior to Danenhower in rank; by what steamer they sailed; and when they will arrive in Paris, as I may be of service in forwarding them to their destination. The steamer *Lens*, which by Siberiskoff's kindness has been tendered to me, is, of course, at their disposal. My correspondent, who is almost at Irkutsk, will know that she is in charge of the officers of the United States, and will go simply as a *Herald* correspondent."  
 Secretary Hunt also received the following cable dispatch from acting Minister Hoffman, at St. Petersburg, this morning:  
 "Danenhower acknowledges orders, and will proceed. The latter is in reply to a dispatch ordering Danenhower to proceed home with invalida."

**Wants More Time.**  
 NEW YORK, February 6.  
 George Q. Cannon has asked a hearing before the House Judiciary Committee, and assigned as a reason for the delay the recent death of one of his wives. His opponents assert that this motion is made merely for delay, and that his visit to New York the other day was for the purpose of securing the co-operation of certain large mercantile firms having extensive dealings with Zion's Co-operative Association of Utah, to obstruct legislation which might affect the existing condition of things in that territory.

**Taking Notes.**  
 CHICAGO, February 6.  
 The papers have long interviews with Sir Henry Parks, of Australia, who was brought through on swift time by the Chicago, Burlington and Quincy special train yesterday. He is busy to-day examining stock yards, water works, fire department and other things of interest, with the intention of getting points to carry back to New South Wales.

**Sold His Paper.**  
 WASHINGTON, February 6.  
 General Thos. J. Brady, one of the principal owners of the *National Republican*, of this city, has disposed of his interest in the paper to W. A. Patten, New York. It is understood that there will be no change in the editorial and business departments of the paper. The price is \$35,000. Gorham remains for the present.

**Lost His Faith.**  
 CHICAGO, February 5.  
 Rev. Geo. C. Milin, Pastor of Unity Church, formerly presided over by Rev. Dr. Collyer, announced from his pulpit to-day that he had abandoned his belief in the Deity and in the immortality of man. It created consternation among the congregation.

**County Seat War.**  
 CHICAGO, February 6.  
 Grant county, Dakota, is embroiled in a county seat war. The county records are at Big Stone City in defiance of an alleged judicial decision that Millbank was designated as the

county seat in November. Latterly two County Commissioners tried to remove the records to Millbank, supported by two or three hundred armed citizens, but a similar force at Big Stone prevented them. Specialists say 300 armed men are now at Big Stone threatening to shoot whoever attempts to remove the safe. They have a barricade and have Indians to help them, and defy dislodgement.

**Don't Want It Admitted.**  
 NEW YORK, February 6.  
 A *Times* special says: Congress should make short work of the attempt to admit New Mexico into the Union. It is one of the few communities in which it is necessary to print laws, reports and official advertisements in a foreign language. A majority of the population is of the mongrel breed known as "Greasers." There is a great gulf fixed between this mixed race and the American settlers in language, religion, traditions and mental characteristics. To admit to Statehood a community of this small number and heterogeneous character would be a travesty on popular government. The bare suggestion of a proposition so palpably absurd ought to convince Congress that somewhere in the scheme lurks a disreputable job.

**The Trail of the Serpent.**  
 WASHINGTON, February 6.  
 Calling upon the State Department to supply names omitted from letters by Shepherd to the Department relative to the Peruvian Company, it is said, will bring to light the fact that two or three Senators were interested with Shepherd. Senator Blair is prepared to make a personal explanation of his relations to the matter in which it is represented that he was informed by officers of the State Department before accepting his retainer that the subject could never come before Congress, and was purely a private enterprise.

**Patriotic Hebrews.**  
 NEW YORK, February 5.  
 The District Grand Lodge, No. 1, of the Order of the Free Sons of Israel, is in session to-day. The annual report commenced with a pathetic allusion to the untimely death of President Garfield and the sorrow which the event caused among Hebrew citizens of the United States. The report alluded to the persecution of the Jews in some parts of Europe, and recommends that measures be taken to give effective help to the Hebrew Emigrant Aid Society of the United States.

**Increased Mail Facilities.**  
 WASHINGTON, February 6.  
 The House bill provides for new post routes as follows: In Nevada from Ada to Montezuma, Austin to Gold Park, Eureka to Secret Canyon, Hawthorn to Sunnyside, Beowawe to Cortez, Palisades to Safford, Ward to Taylor, Schellman to Osceola, Eureka to Curran Creek, Eureka to Cherry Creek, Lovelocks to Roseville, Luning to Grantsville, together with a large number in Idaho and Montana.

**Northern Pacific Lands.**  
 NEW YORK, February 6.  
 Only 650 miles of the Northern Pacific remains unfinished. It will be done in 1884. The company claims that no part of the land grant is forfeited. The charter provided that if it was not finished in 1879 Congress could use the land to build the road. The President recently accepted 350 miles and issued patents for the land.

**Want to Know Why.**  
 WASHINGTON, February 6.  
 Springer introduced a resolution asking the President for information as to the right or authority under which the Republics of North and South America were invited to send commissioners to a peace congress in Washington, November 1882. Adopted.

**A Land Grab.**  
 WASHINGTON, February 6.  
 Delegate Ainsley has introduced a bill granting to the Idaho Land and Irrigation Company a perpetual right of way for the construction of irrigating canals throughout Snake river and Boise river valleys, together with every alternate section of public land, not mineral, that may be thus irrigated.

**WESTERN.**  
**A Fatal Fight.**  
 BOISE CITY, ID., February 5.  
 On the night of the 3rd instant, in Weiser City, seventy-five miles west of here, John Smith shot and instantly

killed James Johnson in Cox's saloon. They had some angry words during the day about a dance that came off the night before. On meeting in the evening, Smith told Johnson he could whip him for \$500. Johnson agreed to go outside and fight. Smith told him to get ready. He stripped for the fight and, telling Smith he was ready, Smith put a bullet through him, causing instant death. Smith has a family; Johnson was a single man, formerly from Jackson county, Oregon.

**An Enterprising Assassin.**  
 SACRAMENTO, February 6.  
 At half past ten o'clock this morning Joseph Hurtado shot and instantly killed Jose Antonio Esturdo, corner of Front and J streets. It was a deliberate assassination, growing from the arrest of Hurtado, a few days ago, for assaulting Esturdo. The murdered man was unarmed, and has always borne the reputation of a quiet, peaceable citizen. Hurtado has been in many shooting scrapes, and killed a man in this city some three years ago. The community is in a state of excitement, and lynching is not at all improbable.

**Arizona Artists.**  
 TUCSON, February 5.  
 Springer and Hackes, of San Carlos, were robbed last night for a second time. Two men entered the store about 10:30, and with drawn revolvers, compelled the clerk to keep quiet, while Mr. Springer was compelled to open the safe, and take out what money there was on hand, amounting to about eight hundred dollars. After securing it they joined a man whom they had left on guard outside, and quietly rode away.

**Fool Parents to Blame.**  
 LCOLN, Cal., February 5.  
 A daughter of John Hall, living near here, aged 14, while foolishly playing with a loaded shot-gun to-day, discharged the weapon. The entire load took effect in the body of her little brother, aged six, from the effects of which the child soon died.

**Suicide of a Young Man.**  
 COLERA, Cal., February 5.  
 A. B. Woods, son of the late Judge Wood, of Yolo county, aged 20 years, committed suicide last night by shooting himself in the head. Cause of deed unknown.

**FOREIGN.**  
**The Great Game.**  
 PARIS, February 4.  
 Slosson won the billiard match last night, making a total of 3,000. Vignaux's total count was 2,553. The audience was very large, and at the commencement of the play Vignaux declared that if he lost he would demand revenge in eight days in a game of 4,000 points. Slosson's average last night was 32, Vignaux's 26. The enthusiasm over the result was indescribable. There were repeated cries of "Vive Slosson."
